MODEL: SR1/SR3/SR8

PADDLESHIFT BLIPPER HEAT SLEEVING

PRIORITY – LOW (INFORMATION)

Heat protective sleeving will now be fitted to the paddleshift blipper pipe on all production SR1, SR3 and SR8 models as standard. This practice is recommended to all customers, as shown below.

Figure 1 – Pipe in sleeve

Figure 2 – SR1/SR3 Blipper Pipe

Figure 3 – SR8 Blipper Pipe

If required from the factory, the part number is ZS0020.
